WORK EXPERIENCE

Web Developer | Freelance & Tech Consultant

Dec 2025 – March 2026

- Developed high-performance, mobile-responsive business and e-commerce websites.
- Implemented SEO best practices to increase online search visibility and organic traffic.
- Improved website accessibility, UI/UX aesthetics, and overall user engagement metrics.

Junior Web Developer | Software Solutions Lab

July 2024 – Dec 2025

- Built and maintained highly responsive web applications utilizing HTML, CSS, JavaScript, and React.
- Optimized assets, code delivery, and server responses to significantly improve page load performance.
- Integrated custom REST APIs with frontend templates for real-time visual client interactions.

Freelance Web Developer | Self-Employed

2021 – 2024

- Built responsive and modern websites for clients.
- Developed custom web applications using HTML, CSS, JavaScript, React.js, Python, Flask, and FastAPI.
- Communicated directly with clients and delivered projects on time.
- Worked with international clients from Dubai, Canada, the UK, and Africa.
- Focused on responsive design, performance optimization, and client satisfaction.

EDUCATION

Diploma in Electrical and Electronics Engineering | 2021 – 2024

Board of Technical Education, Uttar Pradesh, India

FEATURED PROJECTS

E-Commerce Website

Built a full-featured online store layout utilizing React and Python backends. Implemented a secure authentication system, dynamic product catalog search, a persistent shopping cart, and mock API payment gateways.

Personal Developer Portfolio

Created a premium, modern developer portfolio website utilizing custom CSS animations, scroll reveals, dynamic category filters, and an interactive contact validation system. Optimized for SEO and ATS readability.
